Date: *Friday, May 15, 2020*

Time: 12:00pm -1:00pm

Webinar via Zoom

Who Should Attend?

- Owners, Company Principals
- Business and financial managers
- Account Managers
- Anyone who works with contracts and has to manage risk
- Anyone planning to go into business

Why you need to hear and review this critical need in the green industry?

- Have you covered all the basis, and at what cost?
- Does your coverage reflect what you are actually doing and at risk for?
- Are your business practices in line with your coverage requirements?
- Do you have the help you need to rigorously evaluate the risk in contracts you have?
- Details of Liability coverage what it covers and most important what it doesn't. The options and additional coverages available to you

By attending this valuable webinar, participants will:

- Get to ask the questions that you have and have been concerning you
- Hear from industry experts with examples of your work and liability issues
- Hear and discuss strategies to minimize risk to your company and provide the coverages you need.
- Learn and discuss needs to focus on when purchasing insurance and in your broker.
